Science makes every effort to screen its ads for offensive and/or discriminatory language in accordance with US and non-US law. Since we are an international journal, you may see ads from non-US countries that request applications from specific demographic groups. Since US law does not apply to other countries we try to accommodate recruiting practices of other countries. However, we encourage our readers to alert us to any ads that they feel are discriminatory or offensive.

**POSITIONS OPEN**

**PHYSIOLOGIST**

**ASSISTANT PROFESSOR.** Eastern Washington University (EWU) Department of Biology invites applications for a full-time, tenure-track Assistant Professor position beginning September 2008.

We are seeking a candidate who will be an inspirational teacher, role model, and mentor who complements the strengths of our faculty in scholarship and teaching; and who is interested in working with women and minority students in our McNair Scholars Program and with the Mathematics, Engineering, Science Achievement (MESA) Program. The Department wishes to reinforce our commitment to enhancing diversity broadly defined, recognizing that to provide a diverse learning environment is the most effective means of preparing students for personal and professional success in an increasingly global and multicultural society.

The successful applicant will develop and maintain an active research program in his/her area of expertise, seek external funding, and will mentor undergraduate and Master's students in research.

Responsibilities. (1) Teaching duties include human anatomy and physiology for majors or nonmajors, animal physiology for seniors, human physiology for professional students, and other courses from introductory through graduate level; (2) as the Department will be engaged in teaching courses to first-year dental students (Regional Initiatives in Dental Education, RIDE Program) and first-year medical students (Washington-Wyoming-Alaska-Montana-Idaho WWAMI Spokane Program), teaching physiology courses related to these two Programs could occur as well; (3) supervision of Master's theses, undergraduate research, and an active research program are expected; (4) advising undergraduate students interested in physiology and pre-professional programs, as well as graduate students; and (5) becoming professionally engaged with the local medical community.

Qualifications. Applicants must have a Ph.D. in biological sciences or equivalent. The successful candidate must be committed to teaching a diverse student population.

The Biology Department includes a diverse faculty and over 400 majors and graduate students focusing on ecological, molecular, physiological, and health sciences. EWU is located in eastern Washington near the border with Idaho. Our main campus is in Cheney, Washington, about 16 miles southwest of Spokane. Spokane is Washington's second largest city. Our students tend to be career oriented, many of them first generation college students. EWU has about 10,000 students.

Send letter of application, curriculum vitae, statement of teaching philosophy and experience, statement of research plan, up to three recent reprints, copies of transcripts, and three letters of reference (under separate cover) to the: **Search Committee, Department of Biology, Eastern Washington University, 258 Science Building, Cheney, WA 99004-2440.** Applications must be postmarked by April 15, 2008. Information about the Department may be found at **website: <http://www.ewu.edu/biology>.**

*Affirmative Action/Equal Employment Opportunity Employer. EWU is committed to Affirmative Action and Equal Opportunity. We encourage applications from members of historically underrepresented groups and from all qualified individuals. The successful candidate must have the ability to promote and support cultural competency, pass a background check, and show proof of eligibility to work in the United States pursuant to U.S. immigration laws.*

**EDUCATION**

Butte College is accepting applications for **ASTRONOMY/PHYSICS INSTRUCTOR, BIOLOGY INSTRUCTOR, and CHEMISTRY INSTRUCTOR.**

Positions will be posted on our website as they open, **website: <http://www.butte.edu/admin/hr>.** **Telephone: 800-933-8322.** *Equal Opportunity Employer.*

**POSITIONS OPEN**

The University of Texas Medical Branch

**TWO TENURE-TRACK ASSISTANT/ASSOCIATE PROFESSORS**

**The Department of Obstetrics and Gynecology**

The Department is expanding its Maternal-Fetal Pharmacology and Biodevelopment Program to include innovative translational research projects, and announces the availability of two tenure-track positions at the **ASSISTANT/ASSOCIATE PROFESSOR** levels. The Department has an outstanding infrastructure of laboratory equipment, a division for publication and grant application support, and a perinatal division with research nurse support. Other research programs are in the areas of fetal origin of disease and reproductive endocrinology. The Department is rated third in the United States in its NIH funding and is a member of all four of the National Institute of Child Health and Human Development collaborative research network grants.

Individuals interested in women's health research, particularly in the mechanisms underlying the treatment of drug dependence during pregnancy (opiate, nicotine), gestational diabetes (stem cells), drug delivery (nanoparticles, other modalities), preterm delivery, and the development of new diagnostic tools (including optoacoustics) are encouraged to apply.

**ASSISTANT PROFESSORS.** Ph.D., M.D., or equivalent with three or more years of postdoctoral training. Applicants should include a brief (two-page) description of short and long-term research goals.

**ASSOCIATE PROFESSORS.** Faculty with established and funded research projects in the above or related research areas.

Please forward your curriculum vitae, a statement of current and future research plans, and three references to:

**Mahmoud S. Ahmed, Ph.D.**  
**Professor, Obstetrics/Gynecology Department**  
**301 University Boulevard**  
**Galveston, TX 77555-0587**  
**E-mail: [maahmed@utmb.edu](mailto:maahmed@utmb.edu)**

*UTMB is an Equal Opportunity Affirmative Action Institution which proudly values diversity. Candidates of all backgrounds are encouraged to apply.*

**BASIC SCIENCE RESEARCH SCIENTIST**

The Children's Hospital of Philadelphia and the Department of Anesthesiology and Critical Care at the University of Pennsylvania School of Medicine seeks candidates for several **ASSISTANT or ASSOCIATE PROFESSOR** positions in the nontenure research track. Rank will be commensurate with experience. The successful applicant will have experience in the field of stress and/or pain research. Applicants must have a Ph.D. or equivalent degree and have demonstrated excellent qualifications in research.

The individual's research will complement other basic science programs in the Department. Ongoing research includes elucidating the neural substrates linking stress and pain, cellular mechanisms of substance abuse, the role of stress in psychiatric and medical disorders, and mechanisms by which the brain processes visceral information.

Please submit curriculum vitae, a cover letter, three reference names, and a statement of research interests to:

**Rita J. Valentino, Ph.D.**  
**The Children's Hospital of Philadelphia**  
**Abramson Research Building**  
**4th Floor, Suite 4399**  
**Philadelphia, PA 19104**  
**E-mail: [valentino@e-mail.chop.edu](mailto:valentino@e-mail.chop.edu)**

*The University of Pennsylvania is an Equal Opportunity, Affirmative Action Employer. Women and minority candidates are strongly encouraged to apply.*
