POSITIONS OPEN

ASSISTANT PROFESSOR DEVELOPMENTAL BIOLOGIST

Department of Biology
University of Virginia, Charlottesville, Virginia

The Department of Biology at the University of Virginia invites applications for a tenure-track Assistant Professor appointment beginning August 25, 2009. Applications are invited from outstanding individuals studying fundamental aspects of developmental biology at the molecular, cellular, evolutionary, organismal, or systems level.

The Department of Biology at the University of Virginia ([website: http://www.virginia.edu/biology/](http://www.virginia.edu/biology/)) spans a broad range of interests including cell and developmental biology, morphogenesis, neurobiology, biological timing, and evolutionary biology. The successful candidate is expected to establish a vigorous, independent, and externally funded research program, interact with one or more existing departmental strengths, and contribute to undergraduate and graduate instruction and training in developmental biology. A generous startup package and excellent research facilities are available.

Developmental biology has been identified by the University of Virginia as a key area for the future. As part of this focus a University-wide Morphogenesis and Regenerative Medicine Institute ([website: http://www.morphogenesis.virginia.edu/index.htm](http://www.morphogenesis.virginia.edu/index.htm)) was established that contains a wide group of interactive and energetic investigators. There is also an inter-school graduate program in Molecular, Cell and Developmental Biology ([website: http://healthsystem.virginia.edu/internet/bims_cdb](http://healthsystem.virginia.edu/internet/bims_cdb)).

The successful candidate will have the opportunity to participate in these programs.

To apply, please submit a candidate profile, cover letter, curriculum vitae, a statement of current and future research interests, a statement of teaching experience and goals, and the contact information for three references through Jobs at UVA ([website: https://jobs.virginia.edu](https://jobs.virginia.edu)); posting number 0602723.

Inquiries about the position may be e-mailed to e-mail: biosearch@virginia.edu.

Review of applications by the Search Committee will begin November 1, 2008; however, the position will remain open until filled.

Women and members of underrepresented groups are encouraged to apply. The University of Virginia is an Equal Opportunity/Affirmative Action Employer.

SCIENTIFIC ECOLOGICAL ANTHROPOLOGIST

The University of California, Santa Barbara, Department of Anthropology, Integrative Anthropological Sciences (IAS), seeks a Scientific Ecological Anthropologist for tenure-track position at **ASSISTANT PROFESSOR** level. Possible specializations include human ecology, behavioral or evolutionary ecology, cooperation and common pool resources, indigenous resource management, dual inheritance theory, ethnobiology, subsistence economics, nutritional ecology, reproductive ecology, life history theory, ecological genetics, demography, and epidemiology. Applications should be postmarked by November 14, 2008. For more details see [website: http://www.anth.ucsb.edu](http://www.anth.ucsb.edu).

The Biology Department at Missouri State University anticipates an August 2009 opening for an **ASSISTANT PROFESSOR** with a specialty in genetics. For a full position description and to apply online see [website: http://www.missouristate.edu/academicopenings](http://www.missouristate.edu/academicopenings). Letter of application, curriculum vitae, statement of teaching experience and interests, research plan, and names and addresses for three to five references can be uploaded electronically. For additional information contact: **John Heywood, Department of Biology, Missouri State University, Springfield, MO 65897**. *Employment will require a criminal background check at University expense. An Equal Opportunity/Affirmative Action Institution.*

POSITIONS OPEN

OXFORD COLLEGE OF EMORY UNIVERSITY

Department of Biology

The Department of Biology at Oxford College of Emory University seeks a tenure-track **ASSISTANT PROFESSOR** to begin August 2009. Oxford College ([website: http://www.oxford.emory.edu](http://www.oxford.emory.edu)), located 38 miles east of Atlanta, is a two-year, liberal arts, fully residential college of Emory University, ranked in the 90th percentile on the National Survey of Student Engagement (NSSE). A Ph.D. or expectation of degree completion this academic year with expertise in cellular and molecular biology is required, along with demonstrated teaching experience. The successful candidate will teach lecture and laboratory courses in introductory cell biology and genetics and sophomore-level genetics and molecular biology. Engagement in scholarly activities is expected and opportunities exist to mentor student research in a liberal arts intensive environment. The Division of Natural Science and Mathematics of Oxford College is in the planning stages of a new state-of-the-art science facility that will encourage student-faculty collaboration, provide an environment for innovative teaching, and be a model of sustainability. Applicants must submit a letter of application, curriculum vitae, statement of teaching philosophy, transcripts, and three reference letters to: **Dr. Nitya Jacob, Chair, Biology Search, Oxford College of Emory University, 100 Hamill Street, Oxford, GA 30054**. Review of applications will begin on November 1, 2008. *Affirmative Action/Equal Opportunity Employer.*

FACULTY POSITIONS in ENVIRONMENTAL CHEMISTRY

University of California, San Diego

The Department of Chemistry and Biochemistry of the University of California San Diego ([website: http://www-chem.ucsd.edu](http://www-chem.ucsd.edu)) seeks applications for two tenure-track faculty positions in environmental chemistry. Candidates with a strong interdisciplinary focus are especially encouraged to apply. Candidates must have a Ph.D. with a substantial record of research accomplishment and an innovative research and teaching plan. Research projects related to multiphase complex systems such as aerosols are of particular interest, and topics could include, but are not limited to, heterogeneous reaction processes, interfacial chemistry, health effects studies of air pollution, cloud/fog reactions, and development of new atmospheric measurement and modeling tools. The successful candidate will be expected to teach environmental chemistry courses at both the graduate and undergraduate levels. Salary is commensurate with qualifications and based on University of California pay scale. Applicants are asked to submit a cover letter, curriculum vitae, research proposal, samples of published research, and a statement of their teaching experience online at [website: http://www.chem.ucsd.edu/recruit/index.cfm?addno=5-121](http://www.chem.ucsd.edu/recruit/index.cfm?addno=5-121). Applicants are welcome to include in their cover letters a personal statement summarizing their contributions to diversity. Please arrange for three reference letters to be mailed to: **Chair, Environmental Search Committee 5-121, Department of Chemistry and Biochemistry, University of California, San Diego, 9500 Gilman Drive, Mail Code 0332, La Jolla, CA 92093-0332**. The deadline for applications is December 1, 2008, but until the positions are filled, all applications received will be assured full consideration. *UCSD is an Equal Opportunity/Affirmative Action Employer with a strong institutional commitment to the achievement of diversity.*
