## POSITIONS OPEN

### FOREST ECOLOGIST AT THE APPALACHIAN LABORATORY

The Appalachian Laboratory (AL) of the University of Maryland Center for Environmental Science (UMCES) seeks to fill a new full-time, tenure-track ASSISTANT PROFESSOR position in forest ecology. The successful candidate should address questions at broad spatial scales and complement our strengths in landscape and watershed ecology. We are especially interested in expertise such as biogeochemistry, stable isotopes, phylogeography, and advanced statistical methods that will be used to assess the effects of environmental change on temperate forest ecosystems.

Excellent research, computing, and teaching facilities are available, including plant, soil, water, and molecular analysis laboratories with state-of-the-art analytical instrumentation, a new stable isotope facility, growth chambers, and a greenhouse. UMCES faculty are expected to participate in graduate education in addition to research, outreach, and application. Applicants should send an electronic copy of curriculum vitae; statement of research interests and a brief discussion of how their research would complement ongoing research at AL and UMCES; selected reprints; and names of four references (including title, mailing address, telephone and fax numbers, and e-mail address) to e-mail: [pisearch@al.umces.edu](mailto:pisearch@al.umces.edu). Review of applications will begin on September 1, 2010, and will continue until the position is filled. Information about AL and UMCES and this search can be found at website: <http://www.al.umces.edu/>. UMCES is an Affirmative Action/Equal Opportunity Employer. Women and minorities are strongly encouraged to apply.

### RESEARCH ASSISTANT PROFESSOR

The Division of Metabolism, Endocrinology, and Nutrition in the Department of Medicine at the University of Washington is recruiting a full-time faculty member at the Research Assistant Professor level. The appointment requires a Ph.D. or equivalent degree and a record of research publications in the area of pathogenesis of pancreatic beta cell failure in diabetes. The applicant is expected to have expertise in insulin secretion and partial support for his/her research. Interested applicants should submit a letter of interest, curriculum vitae, and a brief summary of research capabilities and funding to:

Jerry Palmer, M.D.  
Search Committee Chair  
VA Puget Sound Health Care System (111)  
1660 S. Columbian Way  
Seattle, WA 98108

Review of applications will begin immediately and continue until the position is filled. University of Washington faculty engage in teaching, research, and service. The University of Washington is an Affirmative Action, Equal Opportunity Employer.

### POSTDOCTORAL RESEARCH POSITIONS San Diego State University Heart Institute—SDSU Research Foundation

The San Diego State University Heart Institute is recruiting POSTDOCTORAL FELLOWS to work in a dynamic, state-of-the-art cardiovascular cell and molecular biology research setting in the laboratory of the Institute Director Dr. Chris Glembotski, studying roles for heart-derived secreted cytokines (cardiomyokines) on cardiac protection and repair. Applicants should have a Ph.D. in a relevant field, demonstrated expertise in basic cell and molecular biology, including methods to examine gain- and loss-of-gene-function in culture and animal models of heart disease, excellent communication skills, a record of peer-reviewed journal publications, and the desire and ability to write and submit competitive research grant applications. Salary is commensurate with experience; excellent benefits. Applicants should submit a cover letter, curriculum vitae, and a description of research experience and professional goals with the application for Job #100120 at website: <https://jobsfoundation.sdsu.edu> or call telephone: 619-594-5703. Equal Employment Opportunity/Affirmative Action/Title IX Employer.

## POSITIONS OPEN

### SENIOR FACULTY POSITION Rutgers Laboratory for Surface Modification

The Laboratory for Surface Modification (LSM) at Rutgers University, a world-class research center focused on interdisciplinary research in the basic science and technology of interfaces, nanostructures, and surfaces, seeks an experimental scientist with exceptional credentials for a tenured faculty appointment at the FULL PROFESSOR level. The appointment may be in the Department of Physics, Chemistry, Materials Science, Electrical Engineering, or BioMedical Engineering or it may be a joint appointment. The successful candidate will have an outstanding record of achievement in science and/or technology and is expected to establish a world-class research program at Rutgers and to interact with industry. Submit applications electronically (preferred) to e-mail: [lsm\\_search@physics.rutgers.edu](mailto:lsm_search@physics.rutgers.edu), or by surface mail to: LSM Search Committee, Rutgers University, 136 Frelinghuysen Road, Piscataway, NJ 08854. Additional details may be found at website: <http://www.lsm.rutgers.edu>. Rutgers, the State University of New Jersey, is an Equal Opportunity Employer, which encourages applications from underrepresented groups.
