University of Connecticut
Health Center

Chair of the Department of Immunology

The University of Connecticut Health Center's School of Medicine is seeking to recruit a highly qualified individual with an outstanding record of accomplishments in research, education and an excellent record of sustained NIH funding to become Chair of the Department of Immunology. We particularly encourage individuals with a current track record in human or translational immunology. The position is ideal for an energetic and visionary individual who is presently at the Associate or Full Professor level and shows evidence of the leadership skills required to ensure the health and growth of the department and to recognize the importance of interpersonal relationships and team building. The department is the academic home to faculty with nationally and internationally known research programs that focus on the cellular, molecular, and regulatory processes of the immune system. The scope of the department's research is from the most fundamental mechanisms to therapeutic applications. Departmental faculty are educational leaders in the graduate and preclinical medical and dental school curriculum.

The Chair will be responsible for oversight of all research, educational, and administrative activities involving the department. The Chair will work to enhance the funded research portfolio of the department emphasizing basic and translational research; develop and support the education of medical and graduate students and serve as a mentor for trainees at multiple levels; assure the professional development and mentoring of faculty engaged in research, education, and administration; play a major role in active governance at the institutional and departmental levels; be involved in faculty recruiting; and develop a comprehensive budget, which promotes departmental and institutional financial integrity.

The University of Connecticut Health Center is a vibrant organization composed of the School of Medicine, the School of Dental Medicine, the Graduate School of Biomedical Science, the John Dempsey Hospital, and the UCONN Medical Group. The Health Center's campus is situated on 162 acres of wooded hilltop in the beautiful, historic community of Farmington, Connecticut.

Candidates should apply by submitting a curriculum vita via email to the search committee chair, Dr. Paul Dworkin c/o Stephanie Holden, immuchair@uchc.edu or via the University of Connecticut Health Center Employment Services website, <https://jobs.uchc.edu>, search code 2011-065.

The Physics Institute at the Department of Physics of the Westfälische Wilhelms-University Münster invites applications for a tenured

Professorship in Experimental Physics (salary scale W3)

starting in the summer term of 2011.

The successful candidate is expected to have a strong research and teaching record in the field of nanophysics. Close collaboration with other groups of the research focus "nanophysics" in the department is expected. Existing research activities within this focus should be strengthened, complemented, and extended, in particular with respect to coordinated programs. A possible research field of the candidate is the physics of complex nanosystems with novel functionalities. Collaboration with other local research activities (CeNTech, FOKUS, Collaborative Research Center TRR 61) and links to the research focus "nonlinear science" are welcome.

Teaching obligations include all areas of experimental physics. In addition, the successful candidate is expected to participate in the academic administration of the department. Qualifications include university undergraduate and doctoral degrees, good teaching skills, and a habilitation or equivalent other qualification, which may have been gained outside the University or within a "Juniorprofessur".

The Westfälische Wilhelms-University Münster is an equal opportunity employer and is committed to raising the proportion of women scientists in academic positions. Consequently, we actively encourage applications from suitably qualified women. Women with the qualifications and disciplinary expertise required will be preferentially considered. We also welcome applications from candidates with severe disabilities who, with suitable qualifications, will be preferentially considered.

Applications with a CV, including teaching experience and publication list, copies of degree certificates, and a statement of research interests, should be sent not later than **September 25th, 2010** to the Dean of the Faculty of Physics:

Dekan des Fachbereichs 11 (Physik) - Herrn Prof. Dr. Johannes P. Wessels
Wilhelm-Klemm-Str. 9 - 48149 Münster, Germany
