Yale

**ELECTROPHYSIOLOGY
RESEARCH ASSOCIATE**

Position available at Yale University School of Medicine for a Ph.D. or M.D. with experience with patch-clamp or intracellular recording to join a multidisciplinary research group studying channel biology and channelopathies. Incumbent will be expected to play a significant role in studies of contribution of ion channels in neuronal electrogenesis in normal and injured neurons. Experience with voltage-gated channels and/or DRG neurons is desirable. The position at Postdoctoral or Associate Research Scientist presents a superb opportunity to collaborate with cell and molecular biologists, pharmacologists, and clinicians. Send statement of interest, curriculum vitae, and three letters of reference to: **Stephen G. Waxman, M.D., Ph.D., Director, Neuroscience and Regeneration Research Center, VA Connecticut (127A), 950 Campbell Avenue, West Haven, CT 06516. E-mail: stephen.waxman@yale.edu.** *Women and members of underrepresented minority groups are encouraged to apply. Affirmative Action/Equal Opportunity Employer.*

ASSISTANT PROFESSORSHIPS

California State University, Northridge invites applications for two tenure-track positions in the Department of Biology, starting August 2011. Applicants must have a Ph.D. and postdoctoral experience. Each successful candidate shall develop a vigorous research program involving undergraduate and M.S. students, seek extramural research funding, and demonstrate teaching excellence.

MICROBIOLOGIST: Research interests in prokaryotic systems biology using laboratory-based experimentation with applied or biotechnological applications. Teaching options include general microbiology, applied microbiology, biotechnology, graduate seminar, and introductory biology. Submit to e-mail: microsearch@csun.edu.

CELL BIOLOGIST: Candidates specializing in regulatory mechanisms involved in cell signaling, cell growth, cell differentiation, cytoskeleton dynamics, and other physiological processes in eukaryotic cells. Teaching options include introductory biology, physiology, cell biology, and specialty courses in candidate's area of expertise. Submit to e-mail: cellbiosearch@csun.edu.

Applicants should submit a cover letter, curriculum vitae, three letters of recommendation, summary of teaching experience, statements of teaching philosophy and research interests, and three publications. Electronic submissions are strongly encouraged. For more information website: <http://www.csun.edu/facultyaffairs/openings/sm/>. Screening will begin on 15 February 2011.

The University is an Equal Opportunity/Affirmative Action Employer and does not discriminate on the basis of race, religion, national origin, sexual orientation, gender, marital status, age, disability, disabled veteran, or Vietnam-era veteran status.

**POSTDOCTORAL FELLOWSHIPS in
Plant Biotechnology**

Queensland University of Technology and the University of Sydney have received funding under the ARC Super Science Fellowships scheme for a collaborative project entitled "Extreme expression: building a platform for industrial plant biotechnology". We are seeking two postdoctoral fellows to join our expert team of investigators who are using a variety of new molecular approaches to explore extreme expression of medical and industrial proteins in plants. One of the positions will be based in Brisbane with **Professor James Dale** in the Centre for Tropical Crops and Biocommodities and the other will be based in Sydney with **Professor Peter Waterhouse** in the Plant Molecular Genetics Group.

Apply through website: <http://www.qut.edu.au/jobs/>.
Job Reference: 10367.

**OPEN RANK FACULTY POSITIONS
University of Illinois at Urbana-Champaign
Department of Comparative Biosciences**

The Department of Comparative Biosciences at the College of Veterinary Medicine, University of Illinois at Urbana-Champaign invites applications for two open positions at the **ASSISTANT, ASSOCIATE, or FULL PROFESSOR** level. Candidates must possess a Ph.D. or equivalent degree. Postdoctoral training is preferred. Candidates currently at the Associate or Full Professor rank with federal funding are especially encouraged to apply. The successful candidates will participate in the professional and graduate curricula and develop research programs that complement existing department and campus strengths in developmental and reproductive biology, endocrinology, neuroscience, environmental toxicology, stem cell biology, and cancer biology. Full information about the department is available at website: <http://vetmed.illinois.edu/cb/index.html>. The positions are regular, full-time, 9-month, tenured or tenure-track appointments, and are available August 2011. Salary and rank will be commensurate with qualifications.

Qualified applicants should apply online at website: <https://jobs.illinois.edu>. Applications should include a cover letter including a research statement, curriculum vitae, and contact information for three references. Questions may be directed to **Dr. Jodi Flaws, chair, e-mail: jflaws@illinois.edu or telephone: 217-333-7933.**

In order to ensure full consideration, applications must be received by February 1, 2011. *Women and minorities are encouraged to apply. The University of Illinois is an Equal Opportunity Employer.*

**FACULTY POSITION
Florida Institute of Technology
Department of Biological Sciences**

Florida Institute of Technology (website: <http://www.fit.edu>), an independent, technological university located on Florida's east coast, invites applications for an **ASSISTANT or ASSOCIATE PROFESSOR** position beginning in fall 2011. Candidates must have a Ph.D. degree, relevant postdoctoral experience, and expertise in cell or molecular biology. They must be prepared to teach undergraduate biochemistry, as well as graduate courses in biotechnology and their area of specialization. Successful candidates are expected to have an active, externally funded research program. Areas of interest include but are not limited to plant biology and large marine vertebrates. Review of applications will begin January 15. *Women and minorities are strongly encouraged to apply.* Submit a cover letter, detailed curriculum vitae, statements of research interests and teaching philosophy, up to three reprints of publications, and contact information for three references to: **Professor Mark B. Bush (e-mail: mbush@fit.edu), Department of Biological Sciences, Florida Institute of Technology, 150 W. University Boulevard, Melbourne, FL 32901-6975.**

Florida Institute of Technology is an Equal Opportunity/Affirmative Action Employer.

**POSTDOCTORAL POSITION at
The University of Southern California**

Postdoctoral Position in **Dr. Yang Chai's** laboratory is available immediately for individuals with strong Molecular and Developmental Biology background at the Center for Craniofacial Molecular Biology University of Southern California. The successful applicants will join a large interactive multidisciplinary team of scientists in a strong academic environment focusing on the molecular regulation of craniofacial development. For more details, please visit the website: <http://www.usc.edu/hsc/dental/ccmb>. Send resume to: **Dr. Yang Chai, C/O Ms. Patricia Thompson, e-mail: pathomps@usc.edu.**
