## SANFORD<sup>®</sup> HEALTH

### Director, Sanford National Breast Cancer Institute

Sanford Health, a non-profit, integrated health care system, invites applications for the position of Director of the Sanford National Breast Cancer Institute. Thanks to a recent \$100 million gift from Mr. Denny Sanford, Sanford is seeking an outstanding physician-scientist to lead research and clinical activities for this new initiative. Qualified individuals will have demonstrated experience and a national reputation for work in clinical care and translational research and program development. Sanford's research mission includes the utilization of clinical care delivery capacities toward the growth of clinical research and commercialization.

Sanford Health's 20,500 employees serve more than two million people in six states. The system includes 30 hospitals with a total of 1,600 beds and employs more than 900 physicians in 70-plus specialty areas. Sanford Research/USD includes more than 175 full-time research staff and has grown to include more than \$36 million in annual research expenditures. The system expects significant growth in this area. With main tertiary, research and administrative centers in Sioux Falls, South Dakota and Fargo, North Dakota, Sanford Health is the largest rural health care system in the United States.

Sanford seeks an accomplished clinician scientist and innovative research leader with a track record of building and leading clinical care and research teams. The successful candidate will have had a career as a physician and scientist with progressive administrative responsibilities in building research programs and management functions. It is important that the candidate understand how to integrate research activities within the overall patient care mission of the health system. Finally, the candidate will have a desire to forge strong research collaborations and business relationships, a significant track record of extramural funding, publications and the ability to mentor faculty.

The role will receive significant institutional support, including new, modern laboratory space and state-of-the-art facilities. A comprehensive compensation package will be tailored to the individual's qualifications. Applicants should have a MD, PhD or MD/PhD degrees. Candidates should submit a detailed curriculum vita, description of research experience and future plans, and the names of three individuals that would provide recommendation. Application materials should be sent to:

**David A. Pearce, PhD**

**Sanford Health**  
2301 E. 60<sup>th</sup> Street North  
Sioux Falls, SD 57104

For further information, contact (605) 312-6004 or [david.pearce@sanfordhealth.org](mailto:david.pearce@sanfordhealth.org).

*Sanford Health is an Equal Opportunity/Affirmative Action Employer.*

## UNIVERSITY OF UTAH SCHOOL OF MEDICINE

### TENURE TRACK FACULTY POSITION in NEUROSCIENCE

The Dept of Neurobiology and Anatomy at the University of Utah (<http://www.neuro.utah.edu/>) is seeking an outstanding scientist for a tenure track faculty position at the Assistant Professor level. After successful faculty searches the past two years, we continue with our expansion of the department in the area of neuroscience.

We are interested in candidates who are using innovative combinations of molecular, genetic, and cellular approaches to pursue fundamental problems in neuroscience. Areas of interest include but are not limited to in vivo imaging, genetic and epigenetic mechanisms underlying neural circuitry plasticity, and behavior, as well as aging, regeneration and repair.

Individuals holding Ph.D. and/or M.D., or equivalent degrees, with two or more years of postdoctoral experience are encouraged to apply. Applicants should demonstrate excellence in research and strong potential for securing and sustaining independent and collaborative extramural funding.

The University of Utah offers excellent resources to support new faculty, including competitive salary and start-up support, a highly collegial research environment, active faculty mentoring, core facilities and strong interdepartmental graduate training programs. A successful applicant will be expected to develop an innovative, independent research program, and to share our commitment to excellence in graduate and medical education.

For full consideration, applications should be received by **October 31, 2011**. Only electronic applications will be accepted, and should include (1) cover letter, (2) curriculum vitae, (3) research statement, and (4) three letters of reference. (Please give names and email addresses). To apply please go to <http://utah.peopleadmin.com/postings/7629>.

The University of Utah values candidates who have experience working in settings with students from diverse backgrounds, and possess a demonstrated commitment to improving access to higher education for historically underrepresented students.

*The University of Utah is an Affirmative Action/Equal Opportunity employer and does not discriminate based upon race, national origin, color, religion, sex, age, sexual orientation, gender identity/expression, disability, or status as a Protected Veteran. Upon request, reasonable accommodations in the application process will be provided to individuals with disabilities. To inquire about the University's nondiscrimination policy or to request disability accommodation, please contact: Director, Office of Equal Opportunity and Affirmative Action, 201 S. Presidents Circle, Rm 135, (801) 581-8365.*
