Reagent Proteins

Discover the
Source

Reagent Proteins is the source

With over 5,000 recombinant proteins available, *Reagent Proteins* provides seamless access to the highest quality reagent, pre-clinical and cGMP grade proteins for research purposes.

Cut smarter.

Restriction enzymes from NEB – now with CutSmart™ Buffer

You make smart choices every day. Why stop there? The choice to use restriction enzymes from New England Biolabs is now even easier.

- Choose from > 200 restriction enzymes supplied with a single buffer
- Simplify your double digest reactions
- Reduce your pipetting steps by no longer having to add BSA

Now, that's Smart!

Explore the smarter choice at
