

**Assistant/Associate Professor Position in
Molecular and Cellular Medicine
College of Medicine, Texas A&M University Health
Science Center**

The Department of Molecular and Cellular Medicine (MCMD) invites applications for a tenured/tenure track faculty position at the level of **Assistant** or **Associate Professor**. The successful candidate will be expected to establish/maintain an innovative, extramurally funded research program and contribute to graduate and medical student education.

MCMD is located primarily on the College Station campus of Texas A&M University, with more than 50,000 students, a multibillion-dollar endowment and a top 20 research enterprise. This outstanding, interdisciplinary research environment provides opportunities to interface with a broad range of biomedical researchers, as well as physical, chemical, and computational scientists and engineers. MCMD research programs exploit diverse model systems, with strengths in cancer biology, cell signaling, genomics, intracellular trafficking, membrane biophysics, neuroscience, protein biochemistry, stem cell biology and tissue engineering. For further info visit <http://medicine.tamhsc.edu/basic-sciences/mcm/index.html>.

Candidates should have a Ph.D. and/or M.D. or equivalent degrees(s), postdoctoral research experience and an excellent publication record. Applicants should email in pdf format the following: (1) cover letter, (2) curriculum vitae with 3-4 page statement of current and future research interests, (3) three selective reprints, and (4) three letters of recommendation (submitted directly by the recommenders) to mcm@medicine.tamhsc.edu. To ensure full consideration, applications must be received by **November 1, 2013**.

Texas A&M is an Affirmative Action/Equal Employment Opportunity Employer. MCMD is committed to a diverse and pluralistic faculty. Applications from women, minorities, veterans, individuals with disabilities are strongly encouraged.

**Dean, College of Agriculture, Biotechnology
and Natural Resources
Director, Agricultural Experiment Station
University of Nevada, Reno**

We seek a visionary leader for the College of Agriculture, Biotechnology and Natural Resources in Nevada's oldest institution of higher education and the state's land-grant leader in teaching, research and statewide outreach. With ~1000 undergraduate majors, ~83 graduate students, 62 (38 tenure/tenure track) full-time faculty, and 9 staff, the college's 13 programs encompass a broad range of educational subjects and levels.

Candidates for the position of Dean/Director must hold an earned doctorate or terminal degree from an accredited institution and be eligible for tenure as a full professor in one of the disciplines represented within the college. We require a senior scholar with demonstrated achievement and recognition within his/her discipline. A successful candidate must have a strong record of administrative leadership. This person will have an understanding of and commitment to the land-grant mission of the university and Cooperative Extension. The ability to develop strong relationships with regional and statewide policy makers and stakeholders, as well as with other University units is also required. The successful candidate will have a demonstrated commitment to diversity. Community engagement, development and fund raising are required functions of the position.

The University of Nevada, Reno is committed to Equal Employment Opportunity/Affirmative Action in recruitment of its students and employees and does not discriminate on the basis of race, color, religion, sex, age, creed, national origin, veteran status, physical or mental disability, and sexual orientation. The University of Nevada employs only United States citizens and aliens lawfully authorized to work in the United States. Women and underrepresented groups are encouraged to apply.

THE UNIVERSITY of TENNESSEE
HEALTH SCIENCE CENTER

**NEUROGENETICS
FACULTY POSITION**

The Department of Anatomy and Neurobiology (<http://www.uthsc.edu/anatomy-neurobiology/>) at the University of Tennessee Health Science Center seeks an outstanding neurogeneticist to fill an open rank tenure track position (Assistant, Associate, Full Professor). The department and campus have state-of-the-art laboratories, core facilities, and unique populations of inbred mouse strains for elucidating the neurogenetics of normal and aberrant brain function (<http://cgb.uthsc.edu>). We offer competitive salary and start-up packages, and membership in our vibrant interdepartmental Neuroscience Institute (<http://www.uthsc.edu/neuroscience/>). We seek candidates to complement and extend departmental research on CNS underpinnings of obesity, neurodevelopmental/cognitive disorders such as autism, or neurodegenerative disease.

Successful candidates are expected to establish or maintain an independent, extramurally funded research program, and contribute to the department's teaching mission. Candidates must have a Ph.D., M.D., or equivalent. The search will remain open until the position is filled. For best consideration applications should be submitted by **October 15, 2013**. Submit curriculum vitae, summary of research interests, and contact information for three references, in a single Word or PDF file to bjsmith@uthsc.edu.

The University of Tennessee is an EEO/AA/Title VI/Title IX, Section 504/ADA/ADEA institution in the provision of its education and employment programs and services.

ANNOUNCEMENT

**IKY Fellowships of Excellence for Postgraduate Studies
in Greece- Siemens Program In the framework of the
Hellenic Republic- Siemens Settlement Agreement**

The State Scholarships Foundation (IKY) announces the launching of the program "IKY Fellowships of Excellence for Postgraduate Studies in Greece- Siemens Program" in the framework of the Hellenic Republic- Siemens Settlement Agreement

Specifically, 200 fellowships will be offered as follows:

- 100 for PhD for the period 2012-2016
- 50 for the conduction of postgraduate studies (Master) for the period 2013-2015
- 50 for postdoctoral research for the period 2013-2015

The scholarships allocation per program and per field is as follows:

| | MASTER | PHD | POST DOC |
|-----------------------------------|--------|-----|----------|
| Energy | 12 | 25 | 12 |
| Healthcare | 12 | 25 | 14 |
| Infrastructure –Urban Development | 14 | 25 | 12 |
| Industry | 12 | 25 | 12 |

Available information about the program (requirements for eligibility etc) can be found at the following link: <http://www.iky.gr/upotrofies-aristias-siemens>

The submission deadline is: **September 2, 2013** by post.

More information is provided by the IKY's Exam Department (tel: +302103726397, +302103726395, +2103726394, +302103726346)
