Professor of Analytical & Forensic Sciences

School of Population Health & Environmental Sciences,
Department of Analytical, Environmental & Forensic Sciences

We are seeking a resilient and inspirational Director able to work strategically within King's Forensics. This full time permanent post is based within the Faculty of Life Sciences & Medicine, School of Population Health & Environmental Sciences and the Department of Analytical, Environmental and Forensic Sciences located at the King's Waterloo Campus. It offers an exciting opportunity to establish and lead research in the field of analytical science within an internationally recognised and multi disciplinary university environment.

It is anticipated that you will have research expertise in an area of analytical science that both complements and broadens our current research interests of toxicology, drug misuse in sport, forensic genetics, and environmental forensics including evidence detection. Good knowledge, preferably with practical experience, of operational forensic science is desirable. Applicants should have a track record of internationally excellent high impact research, demonstrated by a record of quality publications and proven ability to attract external funding. Experience of supervising postgraduate research students is essential. Applicants should have experience of developing and delivering innovative graduate and/or professional education. The salary for this post will be in accordance with the level of appointment.

The appointment will be made, dependent on relevant experience and settled by negotiation. The minimum professorial salary at King's College, London is £66,084 per annum, plus £2,923 London Weighting Allowance per annum.

Further details and application packs are available on the College's website at www.kcl.ac.uk/jobs. All correspondence should clearly state the job title and reference number A9/JVA/0474/18-SS. If you have any queries please contact the recruitment team at recruitmentteam2@kcl.ac.uk.

The deadline for applications is midnight on 3rd April 2018.

香港大學
THE UNIVERSITY OF HONG KONG

Founded in 1911, the University of Hong Kong is committed to the highest international standards of excellence in teaching and research, and has been at the international forefront of academic scholarship for many years. The University has a comprehensive range of study programmes and research disciplines spread across 10 faculties and over 140 academic departments and institutes/centres. There are 28,000 undergraduate and postgraduate students who are recruited globally, and more than 2,000 members of academic and academic-related staff coming from multi-cultural backgrounds, many of whom are internationally renowned.

Post-doctoral Fellowships

Applications are invited for a number of positions as Post-doctoral Fellow (PDF), at the University of Hong Kong. Appointments will be made for a period of 2 to 3 years and the appointees must be in post on or before February 28, 2019.

PDF posts are created specifically to bring new impetus and vigour to the University's research enterprise. Positions are available from time to time to meet the strategic research needs identified by the University. Positions are available in the following Faculties/Departments/Schools/Centres/Units:

- Faculty of Dentistry
- Faculty of Education
- Department of Electrical and Electronic Engineering
- Department of Mechanical Engineering
- School of Biomedical Sciences
- Department of Clinical Oncology
- Department of Microbiology
- Department of Paediatrics and Adolescent Medicine
- Department of Pathology
- Department of Pharmacology and Pharmacy
- School of Public Health
- Department of Surgery
- School of Biological Sciences
- Department of Chemistry
- Department of Physics
- Department of Statistics and Actuarial Science
- Department of Psychology
- Partner State Key Laboratory for Liver Research

Post-doctoral Fellows

PDFs are expected to devote full-time to research. Applicants should be doctoral degree holders having undertaken original research that has contributed to the body of knowledge. A highly competitive salary commensurate with qualifications and experience will be offered. Annual leave and medical benefits will also be available.

Procedures

Prospective applicants are invited to visit our webpage at <http://jobs.hku.hk/> to view the list of the Faculties/Departments/Schools/Centres/Units and their research areas for which PDF positions are currently available. Before preparing an application, they should contact the Head of the appropriate academic unit, or the contact person as specified, to ascertain that their research expertise matches the research area for which a vacant PDF post is available.

Applicants must submit a completed University application form, which should clearly state **which position they are applying for**; and in which academic discipline. They should also provide further information such as details of their research experience, publications, research proposals, etc.

Application forms (341/1111) can be downloaded at <http://www.hr.hku.hk/apptunit/form-ext.doc> and further particulars can be obtained at <http://jobs.hku.hk/>. **Closes April 22, 2018.** The University thanks applicants for their interest, but advises that only candidates shortlisted for interviews will be notified of the application result.

The University is an equal opportunities employer and is committed to equality, ethics, inclusivity, diversity and transparency; and is committed to a Non-smoking Policy
