Institute of
Technology

Department of Earth, Atmospheric, and Planetary Sciences

Faculty Position in Geophysics and Geochemistry

The Department of Earth, Atmospheric, and Planetary Sciences at the Massachusetts Institute of Technology (MIT), Cambridge, MA 02139, invites qualified candidates to apply for a tenure-track faculty position. The search is in the broad area of geophysics and geochemistry encompassing the Earth and other planetary bodies in the solar system. We seek candidates who use theory, observation, and/or experimentation and particularly encourage applicants whose work crosses traditional disciplinary boundaries. Candidates should have the potential for innovation and leadership in research and a commitment to teaching at the undergraduate and graduate levels.

Applicants must hold a Ph.D. in geoscience or related field by the start of employment. Our intent is to hire at the assistant professor level, but more senior appointments may also be considered. A complete application must include a cover letter, curriculum vitae, one- to two-page descriptions each of research and teaching plans, and three letters of recommendation. We request that in their cover letter, applicants explicitly commit to our department's code of conduct: <https://eapsweb.mit.edu/about/code-conduct>

Applications are being accepted at Academic Jobs Online:
<https://academicjobsonline.org/ajo/jobs/11380>

To receive full consideration, complete applications must be received by November 1, 2018.

Search Contact: Ms. Karen Fosher, HR Administrator, EAPS, 54-924, Massachusetts Institute of Technology, 77 Massachusetts Avenue, Cambridge, MA 02139-4307, email: kfosher@mit.edu

MIT is an equal employment opportunity employer. All qualified applicants will receive consideration for employment and will not be discriminated against on the basis of race, color, sex, sexual orientation, gender identity, religion, disability, age, genetic information, veteran status, ancestry, or national or ethnic origin.

SCIENCECAREERS.ORG

Once their position ends, postdocs come to a fork in the road—to stay or leave research. This special must-read feature focuses on a path less traveled—careers in career development. Some work in Postdoc Affairs or Graduate Affairs divisions and departments or Careers Services organizations. If you're hiring, be sure to promote your job opportunities to *Science's* highly qualified readership of grad students, postdocs and researchers.

What makes *Science* the best choice for recruiting?

- Read and respected by 400,000 readers around the globe
- 80% of readers read *Science* more often than any other journal
- Your ad dollars support AAAS and its programs, which strengthens the global scientific community.

Why choose this Postdoc Feature for your advertisement?

- Relevant ads lead off the career section with a special "Postdoc" banner
- Link on the job board homepage directly to postdoc positions
- Dedicated landing page for postdoc positions.

FOR RECRUITMENT IN SCIENCE, THERE'S ONLY ONE SCIENCE.

Faculty Positions

Department of Cell and Molecular Biology

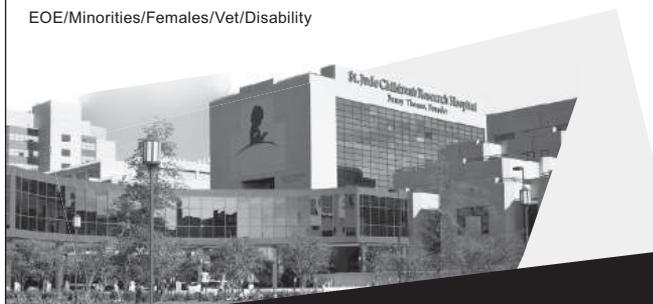

St. Jude Children's Research Hospital is a world-renowned institution that is recognized as one of the best places to work in the nation. Currently, the Department of Cell and Molecular Biology seeks applicants for faculty positions at all levels (Assistant, Associate or Full). St. Jude offers a remarkable opportunity to perform cutting-edge research with **outstanding, long-term institutional support** and exceptional core facilities in an environment of open collaboration. Successful applicants will present a vibrant research program with potential for interaction both within the department and across the institution. All areas of cell and molecular biology and biochemistry are welcome, although we have preference for programs that integrate innovative, modern approaches to address basic functioning of the cell.

Interested applicants should send CV and 2-page letter of research accomplishments and future interests to the email address below. Applicants for Assistant Member positions should have three letters of recommendations sent. Applicants for Associate/Full Member should send contact information for three references. Applications should be received by October 15, 2018 for priority review.

J. Paul Taylor, M.D., Ph.D.
Chair, Department of Cell and Molecular Biology
c/o Marquetta Nebo
St. Jude Children's Research Hospital
262 Danny Thomas Place, Memphis, Tennessee 38105

The University of Konstanz has been successful in the German Excellence Initiative since 2007.

The Zukunftskolleg as a central scientific institution is a keystone in the strategy of the university to promote top-level postdoctoral researchers in the natural sciences, humanities and social sciences.

The *Zukunftskolleg* of the University of Konstanz offers:

two 5-year Research Fellowships (any discipline represented at the University of Konstanz)

(Salary Scale TV-L 14)

to develop and implement individual research projects and build up their own research group.

Fellowships will begin on April 1, 2019, and end on March 31, 2024.

Reference number 2018/153

three 2-year Postdoctoral Fellowships (any discipline represented at the University of Konstanz)

(Salary Scale TV-L 13)

to develop and implement individual research projects.

Fellowships will begin on March 1, 2019, and end on February 28, 2021.

Reference number 2018/154

Applications, supporting materials, and two letters of reference should be submitted in English **by October 15, 11:00 am (Konstanz time) using the Online Application Platform: <https://www.uni-konstanz.de/zukunftskolleg/online-application/>.**

Details concerning the application, required documents, and information about the Zukunftskolleg are available on our website: <https://www.uni-konstanz.de/zukunftskolleg/>

myIDP:
A career plan customized
for you, by you.

For your career in science, there's only one **Science**

Recommended by
leading professional
societies and the NIH

Features in myIDP include:

- Exercises to help you examine your skills, interests, and values
- A list of 20 scientific career paths with a prediction of which ones best fit your skills and interests
- A tool for setting strategic goals for the coming year, with optional reminders to keep you on track
- Articles and resources to guide you through the process
- Options to save materials online and print them for further review and discussion
- Ability to select which portion of your IDP you wish to share with advisors, mentors, or others
- A certificate of completion for users that finish myIDP.
