Professors and Connell Endowed Chair in Diabetes Research
The Department of Physiology at the University of Tennessee Health Science Center (UTHSC) invites applications and nominations from nationally and internationally renowned individuals for the position of Eldon D. & Ruth Connell Endowed Chair Professor of Diabetes Research. The Department of Physiology at UTHSC was recently ranked ninth out of all Physiology Departments in North America for total research funding. Current areas of research within the Department include, cardiovascular disease, diabetes, gastrointestinal disease, cancer, neurodegenerative diseases and ion channels. Outstanding collaborative opportunities and excellent resources are available in the Department of Physiology and the Division of Endocrinology at the UTHSC. In addition to the endowed chair fund, this position comes with a competitive start-up package. The occupant of the Connell Endowed Chair will assume a leadership role in diabetes research in the UTHSC campus. The qualified candidate will have an outstanding record of research accomplishments and significant extramural funding. He/she is expected to maintain a vigorous, creative, externally funded research program that compliments that of current faculty and builds on departmental strengths. Applicants are expected to be leaders in the field of diabetes research with an internationally-recognized research program that is supported by robust extramural funding. The successful candidate will have an outstanding opportunity to develop collaborative research programs across the UTHSC campus. Applicants must have a PhD, MD, or equivalent degree.

Applicants should submit a cover letter of interest, complete CV, summary of research accomplishments and goals, and names and contact information of five references. Please direct any questions to the Search Committee Chair, Dr. Jonathan Jaggar, Maury W. Bronstein Endowed Chair Professor (jjaaggar@uthsc.edu) The position will remain open until filled.

The University of Tennessee is an EEO/AA/Title VI/Title IX/Section 504/ADA/DEA Employer.
myIDP: A career plan customized for you, by you.

Features in myIDP include:

- Exercises to help you examine your skills, interests, and values.
- A list of 20 scientific career paths with a prediction of which ones best fit your skills and interests.
- A tool for setting strategic goals for the coming year, with optional reminders to keep you on track.
- Articles and resources to guide you through the process.
- Options to save materials online and print them for further review and discussion.
- Ability to select which portion of your IDP you wish to share with advisors, mentors, or others.
- A certificate of completion for users that finish myIDP.

In partnership with:
Cleveland Clinic
Endowed Chair Faculty
Genitourinary Malignancies Research Center

The newly formed Genitourinary Malignancies Research Center at Cleveland Clinic is seeking to recruit a physician-scientist or scientist for the Morton L. Mandel Urologic Cancer Research Endowed Chair who has a primary interest in prostate, kidney, or bladder cancer. This position is an exceptional opportunity to partner with outstanding clinical urology, oncology, and pathology programs in a new center where a principal goal is to translate basic discoveries rapidly to the clinic. The Cleveland Clinic is ranked the #1 hospital for urology and #2 hospital overall by US News and World Report. The overarching goal of the Center is to define the underlying biochemical and clinical behavior of prostate, kidney, and bladder cancer in order to identify new strategies to prevent symptoms and death.

Applicants must have a Ph.D., M.D./Ph.D., or M.D., be at the associate or full professor level, have an exceptional track record of accomplishment and funding, and be able to function well as part of a multidisciplinary team. The successful applicant will be supported by generous start-up funds and joint appointments in Cleveland Clinic’s Lerner Research Institute, Glickman Urological and Kidney Institute and Taussig Cancer Institute (part of the NCI-designated Case Comprehensive Cancer Center). More information can be found at https://www.lerner.ccf.org/gu/

Candidates should submit a CV, summary of research interests, and three references, via e-mail to Nima Sharifi, M.D. c/o Kali Casale, casalek@ccf.org

Cleveland Clinic is pleased to be an Equal Employment/Affirmative Action Employer: Women/Minorities/Veterans/Individuals with Disabilities. Smoke/drug-free environment.
