CASE WESTERN RESERVE
UNIVERSITY EST. 1826

TENURED FACULTY POSITION IN CANCER RESEARCH

Case Western Reserve University School of Medicine
Case Comprehensive Cancer Center

The Case Comprehensive Cancer Center (<http://cancer.cwru.edu/>), an NCI-designated Comprehensive Cancer Center, at CWRU, with affiliates University Hospitals Case Medical Center and Cleveland Clinic, invites applications for tenured faculty positions at the level of Associate or Full Professor. Applicants are being sought that have basic/translational research expertise in one of the following areas of cancer focus: Tumor Immunology, Drug Discovery, Genomics, Brain Tumors, Adolescent and Young Adult, and Women's Cancers. Qualified individuals should have a PhD with established expertise in the specific cancer to be studied. Candidates must also have a track record of a sustained and ongoing nationally funded research program, an outstanding record of collaborative cancer research activities and commitment to mentoring and teaching. Candidates for Full Professor should also demonstrate national and international recognition of their research program as well as success in leadership activities.

Successful candidates will be expected to interact closely with members of established basic and translational cancer center research programs. Where appropriate, identify interests in using human tissue and PDX models of cancer in the research effort. Primary appointment will be in the CWRU SOM department of expertise or in the Cancer Center.

Please send curriculum vitae and a cover letter outlining your research interests, and experience in mentoring electronically to: Stanton L. Gerson, MD, Director, Case Comprehensive Cancer Center, c/o cancersearch@case.edu. After initial review, you will be asked for a list of three or more references. Please include "Cancer Faculty Search" in the subject line.

In employment, as in education, Case Western Reserve University is committed to Equal Opportunity and Diversity. Women, veterans, members of underrepresented minority groups, and individuals with disabilities are encouraged to apply.

Case Western Reserve University provides reasonable accommodations to applicants with disabilities. Applicants requiring a reasonable accommodation for any part of the application and hiring process should contact the Office of Inclusion, Diversity and Equal Opportunity at 216-368-8877 to request a reasonable accommodation. Determinations as to granting reasonable accommodations for any applicant will be made on a case-by-case basis.

THE UNIVERSITY OF TENNESSEE
HEALTH SCIENCE CENTER.

Professor and Connell Endowed Chair in Diabetes Research

The Department of Physiology at the University of Tennessee Health Science Center (UTHSC) invites applications and nominations from nationally and internationally renowned individuals for the position of Eldon D. & Ruth Connell Endowed Chair Professor of Diabetes Research. The Department of Physiology at UTHSC was recently ranked ninth out of all Physiology Departments in North America for total research funding. Current areas of research within the Department include, cardiovascular disease, diabetes, gastrointestinal disease, cancer, neurodegenerative diseases and ion channels. Outstanding collaborative opportunities and excellent resources are available in the Department of Physiology and the Division of Endocrinology at the UTHSC. In addition to the endowed chair fund, this position comes with a competitive start-up package. The occupant of the Connell Endowed Chair will assume a leadership role in diabetes research in the UTHSC campus. The qualified candidate will have an outstanding record of research accomplishments and significant extramural funding. He/she is expected to maintain a vigorous, creative, externally funded research program that compliments that of current faculty and builds on departmental strengths. Applicants are expected to be leaders in the field of diabetes research with an internationally-recognized research program that is supported by robust extramural funding. The successful candidate will have an outstanding opportunity to develop collaborative research programs across the UTHSC campus. Applicants must have a PhD, MD, or equivalent degree.

Applicants should submit a cover letter of interest, complete CV, summary of research accomplishments and goals, and names and contact information of five references. Please direct any questions to the Search Committee Chair, Dr. Jonathan Jaggar, Maury W. Bronstein Endowed Chair Professor (jjaaggar@uthsc.edu) The position will remain open until filled.

The University of Tennessee is an EEO/AA/Title VI/Title IX/Section 504/ADA/ADEA Employer.

THE UNIVERSITY OF
SYDNEY

Perrett
Laver

AMERICAS ASIA PACIFIC EMEA

→ Head of School, School of Biomedical Engineering

Faculty of Engineering & Information Technologies

About the opportunity

The University of Sydney is Australia's premier University with an outstanding global reputation for academic and research excellence.

The Faculty of Engineering and Information Technologies is one of the largest and preeminent faculties of its kind in the world; ranked in the global top 40 (QS 2018). For the past 20 years, the University has been undertaking leading research in Biomedical Engineering. This role presents a unique opportunity to bring together existing expertise from across the University, including an established programme in Biomedical Engineering, and build new capabilities in ways that will help to re-imagine the future of health care.

We are seeking an inaugural Head of School to lead this exciting academic venture. The ideal candidate will have an impressive track record of establishing and growing leading research and teaching programs. They will have strategic leadership skills and an outstanding ability to manage stakeholder relations and be able to operate at the forefront of innovation in their area of Biomedical Engineering.

How to apply

For more information and to submit your application please visit the Perrett Laver website at candidates.perrettlaver.com/vacancies/ quoting reference 4090.

Closing Date: Sunday 19 May 2019

myIDP: A career plan customized for you, by you.

For your career in science, there's only one **Science**

**Recommended by
leading professional
societies and the NIH**

Features in myIDP include:

- Exercises to help you examine your skills, interests, and values.
- A list of 20 scientific career paths with a prediction of which ones best fit your skills and interests.
- A tool for setting strategic goals for the coming year, with optional reminders to keep you on track.
- Articles and resources to guide you through the process.
- Options to save materials online and print them for further review and discussion.
- Ability to select which portion of your IDP you wish to share with advisors, mentors, or others.
- A certificate of completion for users that finish myIDP.

Endowed Chair Faculty Genitourinary Malignancies Research Center

The newly formed Genitourinary Malignancies Research Center at Cleveland Clinic is seeking to recruit a physician-scientist or scientist for the Morton L. Mandel Urologic Cancer Research Endowed Chair who has a primary interest in prostate, kidney, or bladder cancer. This position is an exceptional opportunity to partner with outstanding clinical urology, oncology, and pathology programs in a new center where a principal goal is to translate basic discoveries rapidly to the clinic. The Cleveland Clinic is ranked the #1 hospital for urology and #2 hospital overall by US News and World Report. The overarching goal of the Center is to define the underlying biochemical and clinical behavior of prostate, kidney, and bladder cancer in order to identify new strategies to prevent symptoms and death.

Applicants must have a Ph.D., M.D./Ph.D., or M.D., be at the associate or full professor level, have an exceptional track record of accomplishment and funding, and be able to function well as part of a multidisciplinary team. The successful applicant will be supported by generous start-up funds and joint appointments in Cleveland Clinic's Lerner Research Institute, Glickman Urological and Kidney Institute and Taussig Cancer Institute (part of the NCI-designated Case Comprehensive Cancer Center). More information can be found at <https://www.lerner.ccf.org/gu/>

Candidates should submit a CV, summary of research interests, and three references, via e-mail to Nima Sharifi, M.D. c/o Kali Casale, casalek@ccf.org

Cleveland Clinic is pleased to be an Equal Employment/Affirmative Action Employer: Women/Minorities/Veterans/Individuals with Disabilities. Smoke/drug-free environment.

YOU'D SMILE TOO IF YOU JUST ADVANCED YOUR CAREER.
