

“IT INCREASES MY EXPOSURE AND PROVIDES ME WITH ADDITIONAL CREDIBILITY”

*Tim Wang, Category Prize Winner 2018, Genomics and Proteomics,
giving advice to recent PhD's thinking about submitting their essays.*

Apply for the *Science* & SciLifeLab Prize for Young Scientists — an annual prize awarded to early-career scientists. The prize is presented in four categories: Cell and Molecular Biology, Ecology and Environment, Molecular Medicine, and Genomics, Proteomics and Systems Biology.

The winners will have their essays published by *Science*, win up to USD 30,000, and be invited to a week in Sweden to attend the award ceremony.

Get ready for a life-changing moment in your scientific career.
