

Nanping Zhou

Jiangsu University of
Science and Technology

Jiangsu University of Science and Technology (JUST) is an engineering-oriented higher education institute with distinctive characteristics, provides both undergraduate and graduate education. It is characterized by “shipbuilding industry, marine science and sericulture” and aimed at building a first-class shipbuilding university in China. We are now sincerely extending our invitations to highly competitive talents from both home and abroad with favorable terms so as to build a brighter future for the university.

Xiaohong Chen

President of
Hunan University of Technology
and Business

Keeping up with the times and adhering to its motto of “Sincerity & Credibility, Pragmatism & Innovation”, we are building a high quality university on the innovative path of developing disciplines of “technology + business” and “new engineering + new business”. “The view is broad with a flat tide and it’s fit to sail with a positive wind.” The prosperous university earnestly welcomes scholars from all over the world.

Chuanhai Jiang

President of
Shanghai University of
Finance and Economics

Founded in 1917, Shanghai University of Finance and Economics (SUFU) boasts a long history of over a century in China. It has been devoted to cultivating outstanding talents and building a first-rate university with unique features in finance and economics. We sincerely welcome excellent talents in economics, management, statistics, mathematics, computer and relating fields to join SUFE and work with us to strive for the Double First-Class university.

Beiqun Li

President of
Nanjing University of Information
Science and Technology

Adheres to the development strategy of openness, collaboration and characteristics. It intends to establish a harmonious multi-disciplinary system with atmospheric science, environmental ecology and meteorological information technology as its features. Welcomes talents from all over the world to our warm and reliable NUIST!

Guiyou Liang

President of
Guizhou Medical University

Focusing on the “Double First Class” initiative, Guizhou Medical University (GMU) starts the “PUMC program” joining hands with Chinese Academy of Medical Sciences and Peking Union Medical College (PUMC), adopts the world’s most advanced concept in medical education, and implements the “PUMC Seed” program, aiming to turn the students into outstanding and top medical talents with international perspective and top medical elites who think big in the health sector of Guizhou province. We sincerely welcome overseas brains, experts, and scholars to visit Guizhou Medical University for academic exchange, and invite you to join the teaching and research teams of GMU and work with us to advance the “Double First-class” initiative in GMU.

Mengfeng Li

President of
Southern Medical University

Founded in 1951, Southern Medical University (SMU) is the only university jointly sponsored by Ministry of Education, National Health Commission and Guangdong Provincial Government. It is one of the pioneer universities in China first launching the eight-year M.D. program. With the implementation of the newly initiated 2019 Talents Recruitment Program, SMU is now seeking outstanding scholars and young talents from all over the world to join us. We aim to create and sustain an innovative academic and research platform that will attract and gather scholars of the highest attainments and potential to start a new and exciting career and to achieve a higher level of academic success in the Great Bay Area.

Jinlin Li

President of
South-Central University for
Nationalities

South-Central University for Nationalities (SCUN) takes “High quality, Characteristic disciplines, Talent Competitiveness and Ethnic Distinctiveness” as its guiding principles. In the fierce competition of “the Double First-class Project”, chemistry ranks top 1% globally in accordance with Essential Science Indicator and ethnology ranks the third nationally in the fourth round of discipline evaluation in China. We will continuously gather the consensus that “Talent is the First Resource”, further promote the construction of “Double First-class” and deepen the comprehensive reform of higher education, accelerate the pace of construction of “distinctive, first-class and internationally renowned high-level national universities”, and realize the pursuit of common value of higher education.

Ruguang Zhou

President of
Jiangsu Normal University

Superb talents support top-grade universities. Therefore, Jiangsu Normal University consistently insists on the principle of “Talents Oriented”, gives full play to the work related to talented personnel in building world-class universities and disciplines, and comprehensively advances the strategy of establishing a powerful university of talents. At present, JSNU has enjoyed a scientific and exact system of talent introducing, academic title & salary and personal development, aiming at providing service for talents precisely and effectively. We sincerely welcome international top-notch talents!

We welcome excellent scholars interested in applying for talent programs to contact us through AcaBridge (consultant@acabridge.edu.cn), which provides one-on-one consultations. Further information can be found at www.edu.cn/syl.
