

## Jefferson Science Fellowship

**USAID**  
FROM THE AMERICAN PEOPLE

The National Academies of Sciences, Engineering, and Medicine is pleased to announce a call for applications for the 2020 Jefferson Science Fellows (JSF) program. Initiated by the Secretary of State in 2003, this fellowship program engages the American academic science, technology, engineering and medical communities in the design and implementation of U.S. foreign policy and international development.

Jefferson Science Fellows spend one year at the U.S. Department of State or the U.S. Agency for International Development (USAID) for an on-site assignment in Washington, D.C. that may also involve travel to U.S. foreign embassies and/or missions.

The fellowship is open to tenured, or similarly ranked, academic scientists, engineers, and physicians from U.S. institutions of higher learning. Applicants must hold U.S. citizenship and will be required to obtain a security clearance.

The deadline for applications is **October 31, 2019 at 5 PM EST**. To learn more about the Jefferson Science Fellows program and to apply, visit [www.nas.edu/jsf](http://www.nas.edu/jsf).

*The Jefferson Science Fellows program is administered by the National Academies of Sciences, Engineering, and Medicine and supported by the U.S. Department of State and the United States Agency for International Development.*

## ICYS Research Fellow at ICYS, NIMS, Japan

International Center for Young Scientists (ICYS) of National Institute for Materials Science (NIMS) is now seeking a few research fellows who have passion to conduct innovative materials research based on their original idea. ICYS research fellows are expected to pursue high quality research with their initiatives using the most advanced facilities in NIMS.

ICYS offers a "Melting Pot" environment mixing different materials research fields and cultures. Common language in ICYS is English. Clerical and technical support in English will be given by the ICYS staffs. An annual salary of approximately 5.35 million yen will be offered, which may depend on the qualification and performance of the research fellow. Additional research grant of 2 million yen per year will be supplied to each research fellow. The initial contract term is two years and may be extended by another year depending on one's performance.

All applicants must have obtained a PhD degree within the last ten years. Applicants should submit an **application form** including a research proposal to be conducted during the ICYS term, **CV Header**, CV with a list of publications and patents (be sure to attach the header), **a list of DOI of journal publications** following our instruction, **PDF files of three significant publications** to ICYS Recruitment desk by **September 30, 2019 JST**. The format for **application form** and **CV header** can be downloaded from **our website**. Please visit our website for more details.
