DISCOVER THE FUTURE

a leading position at SciLifeLab

To further strengthen our research environment and complement research areas already present at SciLifeLab, we are now looking to recruit an outstanding young group leader to a new SciLifeLab Fellows position.

The fellow will become an associate at the SciLifeLab research center, as well as contract a position at Stockholm University.

SciLifeLab Fellows position / Assistant Professor in Neurochemistry

Focused on molecular techniques to visualize and manipulate activity in the nervous system.

Read more at: www.scilifelab.se/fellows.

Application deadline: September 10, 2019.

About SciLifeLab

As a national hub for molecular biosciences in Sweden, SciLifeLab (Science for Life Laboratory) facilitates cutting-edge, multi-disciplinary life science research and promotes its translation to the benefit of society. The center focuses on both health and environmental research and is jointly operated by its four founder universities: KTH Royal Institute of Technology, Karolinska Institutet, Stockholm University, and Uppsala University. About 200 research groups, 1500 researchers and 40 national infrastructure facilities are associated with SciLifeLab.
