Are you conducting research that is both environmentally and socially relevant?

Are you an excellent researcher with forward-thinking ideas and an inter- or transdisciplinary research approach?

If yes, we would like to invite you to apply for the

**Robert Bosch Junior Professorship**

Research into the Sustainable Use of Natural Resources

together with a German university or research institution of your choice. Applicants of all nationalities are welcome.

**Areas addressed**

We are looking for an outstanding young scientist who wants to find new approaches to clarify and tackle global challenges with regard to the sustainable use of natural resources. The research should focus on developing and emerging countries. We are especially interested in applications that also consider human behaviour in this context. Research approaches may be based in the humanities, the social or the natural sciences.

**Scope**

The successful applicant will be awarded a grant worth up to 1 million euros for a five-year period, in order to set up a research group in a German research institution or university. The funds can be allocated flexibly towards covering salaries and research costs.

**Candidate profile**

- excellent doctorate degree, completed no more than 5 years prior to the application closing date of 3 May 2020 (adjusted for documented parental leave)
- compelling independent past scientific achievements and publications in peer-reviewed journals
- international research experience
- excellent proficiency in English
- non-German applicants should be prepared to learn German.

The application closing date is **3 May 2020**.

VAJRA Faculty Scheme is to bring a strong international connect to the R&D ecosystem of India. The scheme offers adjunct / visiting faculty assignments to highly accomplished overseas scientists, including Non-resident Indians (NRI) and Overseas Citizen of India (OCI), to undertake high quality collaborative research in public funded academic and research Institutions of India. VAJRA Faculty will engage in collaborative research in cutting edge areas of science and Technology with Indian collaborators. VAJRA Faculty is expected to co-guide research students and may also be involved in technology development, innovation, start-ups, etc in collaboration with the Indian host.

Program information is available at: www.vajra-india.in, www.serbonline.in

Salient Features

- Indian Collaborator(s) should be a regular faculty/researcher in public-funded academic/research institutions.
- Application for VAJRA Faculty Scheme can be submitted throughout the year.
- The Indian collaborator should identify appropriate overseas faculty/ researcher and jointly frame a research plan.
- The Indian collaborator should submit the application online at www.serbonline.in.
- Initially for a period of one year, extendable based on the collaborative outcome and interest.
- Collaborative research visit of Indian host and students at doctoral / post-doctoral level is welcome at later stage of engagement.
