

# READY FOR A TRULY LIFE-CHANGING MOMENT? APPLY NOW.

The *Science* & SciLifeLab Prize for Young Scientists is an annual prize awarded to early-career scientists. The prize is presented in four categories: Cell and Molecular Biology; Genomics, Proteomics, and Systems Biology Approaches; Ecology and Environment; and Molecular Medicine.

As a winner, you will have your essay published by *Science*, win up to USD 30,000 and be invited to Sweden where you will receive your award, present your research and meet with leading scientists in your field.

Get ready for a life-changing moment in your scientific career  
- apply now, deadline is July 15!

# Custom CAR-T Development

Full Service CRO for CAR-T Research

## CAR-T Development Services

- CRO/CMO Services
- Technology Licensing
- IP Development
- Proof of Concept for Clinical Studies
- Preclinical *in vivo* Studies
- Custom Lentivirus Production
- Custom CAR-T Cell Production
- Stable Cell Line Development
- Antibody Development

*And many more. Custom services available.*

**ProMab Biotechnologies** allows researchers to utilize our established antibody discovery and CAR-T development platform to streamline their immunotherapy research. With over 100 ready-to-use CAR-T products and several patents in improving CAR technology, we are ready for your next discovery.

**All products are for research only**
