Worldwide Search for Talent

City University of Hong Kong is a dynamic, fast-growing university that is pursuing excellence in research and professional education. As a publicly funded institution, the University is committed to nurturing and developing students’ talents and creating applicable knowledge to support social and economic advancement. The University has nine Colleges/Schools. As part of its pursuit of excellence, the University aims to recruit outstanding scholars from all over the world in various disciplines, including business, creative media, data science, energy and environment, engineering, humanities and social sciences, law, science, veterinary medicine and life sciences.

The University welcomes applications and nominations for all faculty positions of Chair Professor, Professor, Associate Professor and Assistant Professor. The remuneration package will be highly competitive, commensurate with qualifications and experience. Interested parties are invited to submit an online application with current curriculum vitae to apply for current openings at http://go.cityu.hk/hrojobus or by email to “hrojob@cityu.edu.hk”.

City University of Hong Kong is an equal opportunity employer and we are committed to the principle of diversity. Personal data provided by applicants will be used for recruitment and other employment-related purposes.

Worldwide recognition ranking 48th, and 4th among top 50 universities under age 50 (QS survey 2021); 1st in the World’s Most International Universities (THE survey 2020); 1st in Engineering/Technology/Computer Sciences in Hong Kong (ARWU survey 2016); and 2nd Business School in Asia-Pacific region (UT Dallas survey 2017).
Department of Physiology Faculty Positions

The Department of Physiology at the Perelman School of Medicine at the University of Pennsylvania seeks highly qualified candidates for faculty positions in the tenure track at the Assistant and Associate Professor ranks. Applicants must have a Ph.D. and/or M.D. or equivalent degree. Teaching responsibilities may include graduate and medical student instruction and training graduate students and postdoctoral fellows. Research responsibilities include developing a successful extramurally-supported research program. We seek investigators with demonstrated excellence in research grounded in fundamental mechanistic investigation that leverages molecular, biophysical, structural and cell-biological insights to inform physiological functions, particularly those emphasizing emerging areas, novel technologies, and interdisciplinary research.

**Assistant Professor:** Applicants in the early stage of career development are encouraged to apply. Apply online: [http://apply.interfolio.com/79065](http://apply.interfolio.com/79065)

**Associate Professor:** Applicants are expected to have funding and an internationally recognized reputation of innovative research excellence and productivity, including high impact publications. Apply online: [http://apply.interfolio.com/79068](http://apply.interfolio.com/79068)

The Perelman School of Medicine, one of the top ranked medical schools in the country for NIH funding, is a highly collaborative environment with state-of-the-art core facilities ([https://www.med.upenn.edu/cores/](https://www.med.upenn.edu/cores/)). There are opportunities for appointments in numerous thematic institutes and centers ([https://www.med.upenn.edu/pson/centers.html](https://www.med.upenn.edu/pson/centers.html)), including the Cardiovascular Institute, Mahoney Institute for Neurosciences, Pennsylvania Muscle Institute, and Abramson Cancer Center. The School of Medicine is integrated within the campus of the University of Pennsylvania, a world-class institution with an easily walkable campus located near central Philadelphia. We seek candidates who embrace and reflect diversity in the broadest sense. The University of Pennsylvania is an EOE. Minorities/Women/Individuals with disabilities/Protected Veterans are encouraged to apply.

Faculty Positions in Biomedical Engineering
The Chinese University of Hong Kong, Shenzhen

The Chinese University of Hong Kong, Shenzhen (CUHK-Shenzhen) invites applications for full-time faculty positions in Biomedical Engineering (BME). Interested candidates in biomaterials and regenerative medicine, biomechanics, biomedical imaging, biomolecular engineering and nanomedicine, biosensors and bioelectronics, immunoengineering, medical devices and robotics, neuroengineering, systems and synthetic biology, tissue engineering and regenerative medicine are welcome to apply at academic ranks of professors/associate professors/assistant professors/lecturers. Qualified candidates must have an earned doctoral degree in biomedical sciences, bioengineering and/or related disciplines, postdoctoral training and work experience. Applicants for Professors and Associate Professors should have an established research program with an outstanding publication record. Lecturer and Senior Lecturer positions are also available for candidates with teaching experience in biomedical engineering.

Established in 2014, CUHK-Shenzhen is a research-intensive university that inherits the fine academic traditions of The Chinese University of Hong Kong. The University adopts a tenure-track system for Assistant Professors and above. English is the main language for classroom teaching, and graduates receive degrees of The Chinese University of Hong Kong. The BME program was jointly established between the School of Life and Health Sciences (LHS) and the School of Science and Engineering (SSE), with LHS hosting the program and taking part in basic medical teaching/research in the School of Medicine. Qualified applicants may receive primary appointment at either LHS or SSE. Please visit lbs.cuhk.edu.cn for additional descriptions of the program. Interested applicants should submit their curriculum vitae, teaching statements and research descriptions to: http://academicrecruit.cuhk.edu.cn/lhs. Applications will be reviewed on a rolling basis until the positions are filled.
