The National Academies of Sciences, Engineering, and Medicine administers postdoctoral and senior fellowship awards at the U.S. Air Force Research Laboratory (AFRL), the U.S. Air Force Institute of Technology (AFIT), and the U.S. Air Force Academy (USAFA) under the Air Force Science & Technology Fellowship Program (AF STFP).

We are seeking highly qualified candidates who hold, or anticipate earning, a doctorate in a variety of fields of science or engineering.

**Postdoctoral Research Fellows**
Air Force Science & Technology Fellowship Program

**Awardees have the opportunity to:**
- Conduct independent research in an area compatible with the interests of the Air Force laboratories
- Devote full-time effort to research and publication
- Access the excellent and often unique Air Force research facilities
- Collaborate with leading scientists and engineers

**Awardee benefits:**
- Base stipend starting at $76,542; may be higher based on experience
- Health insurance (including dental and vision), relocation benefits, and professional travel allowance

For detailed program information, to search for AFRL, AFIT, and USAFA Research Opportunities, and to contact prospective Research Adviser(s), visit [www.nas.edu/afstfp](http://www.nas.edu/afstfp).

**Postdoctoral Research Associates**
NRC Research Associateship Programs

The National Academies of Sciences, Engineering, and Medicine administers postdoctoral and senior research awards at participating federal laboratories and affiliated institutions at locations throughout the U.S. and abroad.

We are seeking highly qualified candidates who hold, or anticipate earning, a doctorate in a variety of fields of science or engineering. Degrees from foreign universities should be equivalent in training and research experience to a doctoral degree from a U.S. institution. Citizenship eligibility varies among the sponsoring laboratories.

**Application deadline dates (four annual review cycles):**
- February 1
- May 1
- August 1
- November 1

**Awardees have the opportunity to:**
- Conduct independent research in an area compatible with the interests of the sponsoring laboratory
- Devote full-time effort to research and publication
- Access the excellent and often unique facilities of the federal research enterprise
- Collaborate with leading scientists and engineers at the sponsoring laboratories

**Awardee benefits include:**
- Stipends ranging from $45,000 to $86,000; may be higher based on experience
- Health insurance (including dental and vision), relocation benefits, and a professional travel allowance

For detailed program information, to search Research Opportunities, and to contact prospective Research Adviser(s) visit [www.nas.edu/rap](http://www.nas.edu/rap).
