

Cornell University Medical College

First Avenue and Twenty-eighth St.
NEW YORK CITY

The first year of the course is also offered at Ithaca, N. Y., subsequent years at New York City only.

For information address
THE SECRETARY

Johns Hopkins University Medical School

The Medical School is an Integral Part of the University and is in the Closest Affiliation with the Johns Hopkins Hospital.

ADMISSION

Candidates for admission must be graduates of approved colleges or scientific schools with at least two years' instruction, including laboratory work in chemistry, and one year each in physics and biology, together with evidence of a reading knowledge of French and German.

Each class is limited to 75 students, men and women being admitted on the same terms. Except in unusual circumstances, applications for admission will not be considered after July 1st.

If vacancies occur, students from other institutions desiring advanced standing may be admitted to the second or third year provided they fulfill our requirements and present exceptional qualifications.

INSTRUCTION

The academic year begins the Tuesday nearest October 1, and closes the second Tuesday in June. The course of instruction occupies four years and especial emphasis is laid upon practical work in the laboratories, in the wards of the Hospital and in the dispensary.

TUITION

The charge for tuition is \$300 per annum, payable in three installments. There are no extra fees except for rental of microscope, certain expensive supplies, and laboratory breakage.

The annual announcement and application blanks may be obtained by addressing the

Dean of the Johns Hopkins Medical School,
Washington and Monument Sts., Baltimore, Md.

Summer Work for Graduates in Medicine

Beginning Monday, June 2d, and ending Saturday, July 12th, a course in medical diagnosis, including laboratory exercises in clinical pathology and demonstrations in pathological anatomy, will be offered. The course will be limited to thirty students, fee \$100. Applications should be made to the Dean's Office.

MEDICAL SCHOOL

Situated in Chicago in close proximity to important Hospitals with an abundance of clinical material.

ADMISSION REQUIREMENTS—Two years of College credit including a satisfactory course in Physics, Chemistry, Biology or Zoology, and French or German.

COURSE OF STUDY—leading to the degree of Doctor of Medicine—Four years in the Medical School and a fifth year either as Interne in an approved hospital or devoted to research in some branch of Medical Science.

GRADUATE INSTRUCTION—in courses leading to the degree of Master of Arts or Doctor of Philosophy.

RESEARCH FOUNDATION—The James A. Patten Endowment for Research affords unusual opportunities for advanced students of Medical Science to pursue special investigations.

RESEARCH FELLOWSHIPS—Four fellowships of the value of \$500 each are awarded annually to promote scholarly research.

TUITION FEES—The tuition fee for undergraduate students is \$180.00 a year.

Next session begins September 26, 1924.

LEITZ NEW "Mon-Objective-Binocular" Microscope Model "LB"

A Binocular Microscope at moderate price

The advantage of binocular vision with microscopes, due to the restfulness accorded the eyes and the increased brilliancy of image, have made the microscopist realize that through binocular vision microscopical examination has been made easier and more convenient.

The rather high cost of binocular microscopes has so far been an obstacle to make their application one of universal character so that in presenting herewith an instrument of moderate price, we believe to have pointed the way for the adoption of Binocular Microscopes for routine laboratory work and the use of such instruments by students.

We allow a discount to educational institutions and hospitals.

WRITE FOR PAMPHLET No. 0-1047.

Leitz "Mon-Objective-Binocular" Microscope "LB," with complete illuminating apparatus. Objectives 16 and 4 mm, Oil Immersion Objective 1/12" (1.8 mm), Eyepieces 5 and 10x in Hardwood Carrying Case. \$190.00

In the Sunlighted Classrooms of Texas

Leonard Power, of Port Arthur, Texas, a leading figure in the National Association of Elementary School Principals, gave a sincere endorsement to Daylight Projection with the Trans-Lux Screen when he said:

"With this screen there is now no need to darken the room at all.

"From now on we shall go right on with our pictures with better visualization than ever before and with all curtains up and windows open.

"I regard the invention of this screen as one of the big steps forward in Visual Education."
