

Cornell University Medical College

First Avenue and Twenty-eighth St.
NEW YORK CITY

The first year of the course is also offered at Ithaca, N. Y., subsequent years at New York City only.

For information address
THE SECRETARY

Johns Hopkins University Medical School

The Medical School is an Integral Part of the University and is in the Closest Affiliation with the Johns Hopkins Hospital.

ADMISSION

Candidates for admission must be graduates of approved colleges or scientific schools with at least two years' instruction, including laboratory work in chemistry, and one year each in physics and biology, together with evidence of a reading knowledge of French and German.

Each class is limited to 75 students, men and women being admitted on the same terms. Except in unusual circumstances, applications for admission will not be considered after July 1st.

If vacancies occur, students from other institutions desiring advanced standing may be admitted to the second or third year provided they fulfill our requirements and present exceptional qualifications.

INSTRUCTION

The academic year begins the Tuesday nearest October 1, and closes the second Tuesday in June. The course of instruction occupies four years and especial emphasis is laid upon practical work in the laboratories, in the wards of the Hospital and in the dispensary.

TUITION

The charge for tuition is \$300 per annum, payable in three installments. There are no extra fees except for rental of microscope, certain expensive supplies, and laboratory breakage.

The annual announcement and application blanks may be obtained by addressing the

Dean of the Johns Hopkins Medical School,
Washington and Monument Sts., Baltimore, Md.
Summer Work for Graduates in Medicine

Beginning Monday, June 2d, and ending Saturday, July 12th, a course in medical diagnosis, including laboratory exercises in clinical pathology and demonstrations in pathological anatomy, will be offered. The course will be limited to thirty students, fee \$100. Applications should be made to the Dean's Office.

ANNOUNCEMENT

may be obtained by application to

WESLEY T. LEE, M.D., Registrar

80 East Concord Street,

Boston, Massachusetts.

Stanford University California

Summer Quarter, 1926

Tuesday, 24 June, to Saturday, 30 August

Second half begins 28 July

Opportunities to work for the A. B. and for higher degrees, or to do special work, in the oceanic climate of the San Francisco peninsula.

Courses in the regular academic and scientific branches, and in law.

Information from Office 53,

STANFORD UNIVERSITY
CALIFORNIA

Marine Biological Laboratory

Woods Hole, Mass.

INVESTIGATION

Entire Year

Facilities for research in Zoology, Embryology, Physiology, and Botany. Eighty-four private laboratories \$100 each for not over three months. Thirty tables are available for beginners in research who desire to work under the direction of members of the staff. The fee for such a table is \$50.00.

INSTRUCTION

July 2 to August
12, 1924

Courses of laboratory instruction with lectures are offered in Invertebrate Zoology, Protozoology, Embryology, Physiology and Morphology and Taxonomy of the Algae. Each course requires the full time of the student. Fee, \$75.00.

SUPPLY DEPARTMENT

Open the Entire
Year

Animals and plants, preserved, living, and in embryonic stages. Preserved material of all types of animals and of Algae, Fungi, Liverworts and Mosses furnished for classwork, or for the museum. Living material furnished in season as ordered. Microscopic slides in Zoology, Botany, Histology, Bacteriology. Catalogues of Zoological and Botanical material and Microscopic Slides sent on application. State which is desired. For catalogues and all information regarding material, address:

GEO. M. GRAY,

Curator, Woods Hole, Mass.

The annual announcement will be sent on application to The Director, Marine Biological Laboratory, Woods Hole, Mass.

Summer School in Biology at Cornell University

July 5—August 15, 1924

Courses in zoology, entomology, embryology, histology, human physiology, botany, mycology, plant pathology, plant physiology, bacteriology, cytology, and genetics.

Graduate work leading to certificates and advanced degrees.

All the well-known facilities of the Cornell laboratories and libraries at the service of the students. Rich collecting ground easily accessible.

A wide range of courses in several colleges of the University: *Agriculture, Arts and Sciences, Engineering, Law.*

Special courses in Education and Rural Education.

VITAMINE-B

Must Be Supplied

IN ALL METABOLISM STUDIES, Vitamine-B must be present in the diet, in adequate amounts, or all other elements of the experiment become a failure.

The most convenient source of a known and dependable amount of Vitamine-B is the Yeast Vitamine-B concentrate of Osborne & Wakeman (Jr. Biol. Chem., Dec., 1919).

This is used in the form of Yeast Vitamine-Harris, as powder or tablets of definite weight. **IN CLINICAL PRACTICE**, Yeast Vitamine-Harris Tablets stimulate the appetite, causing an increase in the daily intake of normal foods.

H. J. Gerstenberger (Amer. Jr. Dis. Child., Oct., 1923) has described nine cases of Herpetic Stomatitis and Herpes Labialis, all of which were improved and cured by feeding Yeast Vitamine-Harris Tablets.

This seems to be attributable to Vitamine-B as a hormone or stimulant of metabolism.

TO UPHOLD THE TRADITIONS OF AMERICA'S MOST EXCLUSIVE SCHOOLS

In the delightfully intimate classrooms of America's most exclusive schools, Daylight Projection endows Visual Education with the personal touch that contributes so much toward upholding scholastic traditions.

Rev. H. J. Buehler, M.A., Litt.D., Headmaster of the Hotchkiss School, Lakeville, Connecticut, endorses Daylight Projection by graciously writing:

Send the coupon for the story of Daylight Projection.

"Your Daylight Screen is an epoch-making achievement, and it should be a part of the equipment of every American school."

With Daylight Projection the instructor remains in front of his class where he commands interest and attention—shades remain up—notes are taken as usual in full daylight, and perfect ventilation fosters alert, intelligent thinking.

SPENCER LENS COMPANY
