You arrange the drawers to suit yourself. We supply an abundance of Shelves, Partitions, Etc.

HERE is the way to make your laboratory more efficient and make for quicker work. Much of the lost time in the average "lab" is due to the feverish looking in untidy reagent cases for misplaced or empty reagent bottles and supplies.

The Schwartz Sectional System has these advantages.—Built on the unit plan—expand as you need it. Drawers are fitted with guards—bottles cannot be knocked down and broken. Shelves are interchangeable and adjustable to any size stock. Every article is alphabetically indexed in a leather loose-leaf book supplied with the system. Chemicals and apparatus are kept clean, free from dust, away from light and fumes. Breakages greatly cut down.

Supplies can be always kept on hand, because orderly and readily accessible arrangement makes quick inspection and replenishment easy and quick.

Your laboratory needs this modern, compact system. Furnished with apparatus and equipment compartment as well as supply units. Write for BOOKLET "J."
