

## New Books in Science

### An Elementary Laboratory Guide in General Bacteriology \$3.00

By HAROLD J. CONN. A student laboratory guide intended to accompany Conn & Conn's *Bacteriology*.

### Food Infections and Food Intoxications \$4.00

By SAMUEL REED DAMON. The first comprehensive study in 10 years, incorporating much new material and much never before published in book form.

### A Dictionary of Bacteriological Equivalents \$4.00

By WILLIAM PARTRIDGE. A reader's and student's handbook, giving French-English, German-English, Italian-English, and Spanish-English equivalents.

### A Popular Guide to Radio \$3.50

By B. FRANCIS DASHIELL. An explanation of the rise, development, and operation of modern radio in non-technical language.

### The Rise of Modern Physics \$5.00

By HENRY CREW. A short history of the men and developments which have made physics a science.

### Animal Life of the Carlsbad Cavern \$3.00

By VERNON BAILEY. The history and natural life of the great cave at Carlsbad, New Mexico, told by a well-known biologist.

### Mongolism \$4.50

By KATE BROUSSEAU. A psychological and physiological study for the teacher of feeble-minded children, physicians, and students of psychiatry.

## JOHNS HOPKINS UNIVERSITY SCHOOL OF MEDICINE

The School of Medicine is an Integral Part of the University and is in the Closest Affiliation with the Johns Hopkins Hospital.

### ADMISSION

Candidates for admission must be graduates of approved colleges or scientific schools with two years' instruction, including laboratory work, in chemistry, and one year each in physics and biology, together with evidence of a reading knowledge of French and German.

Each class is limited to a maximum of 75 students, men and women being admitted on the same terms. Applications may be sent any time during the academic year but not later than June 15th.

If vacancies occur, students from other institutions desiring advanced standing may be admitted to the second or third year provided they fulfill the requirements and present exceptional qualifications.

### INSTRUCTION

The academic year begins the Tuesday nearest October 1, and closes the second Tuesday in June. The course of instruction occupies four years and especial emphasis is laid upon practical work in the laboratories, in the wards of the Hospital and in the dispensary.

### TUITION

The charge for tuition is \$400 per annum, payable in two installments. There are no extra fees except for certain expensive supplies, and laboratory breakage.

Inquiries should be addressed to the Executive Secretary of the School of Medicine, Johns Hopkins University, Washington and Monument Sts., Baltimore, Md.

Graduates in Medicine who satisfy the requirements of the heads of the departments in which they desire to work are accepted as students for a period not less than three quarters. Tuition charge is \$50 a quarter.

## School of Medicine and Dentistry THE UNIVERSITY OF ROCHESTER

Medical School, Strong Memorial Hospital, School of Nursing and Out-Patient Department of the University of Rochester and the Municipal Hospital of the City of Rochester, all under one roof. Medical, Surgical, Obstetric, Pediatric, Contagious and Neurological patients admitted. Unusual opportunities for school and hospital cooperation in medical and dental teaching.

### Admission

Medical and dental candidates must have completed three years of college work with special requirements in chemistry, physics and biology. The entering class will not exceed 40, men and women being admitted on equal terms.

### Tuition

Charge for tuition will be \$300 per annum, payable in equal installments at the beginning of each semester.

Crittenden Station, Rochester, N. Y.

## Marine Biological Laboratory Woods Hole, Mass.

**INVESTIGATION** Embryology, Physiology, and Botany. Fifty-two private laboratories \$100 each and ninety-four private laboratories \$200 each for not over

three months. Fifty-six tables are available for beginners in research who desire to work under the direction of members of the staff. The fee for such a table is \$50.00.

### INSTRUCTION

June 27 to August  
7, 1928

Courses of laboratory instruction with lectures are offered in Invertebrate Zoology, Protozoology, Embryology, Physiology, and Morphology and Taxonomy of the algae. Each course requires the full time of the student. Fee, \$75.00. The annual announcement will be sent on application to The Director, Marine Biological Laboratory, Woods Hole, Mass.

**SUPPLY  
DEPARTMENT**  
Open the Entire  
Year

### Biological Supplies

For the classroom, museum or collector.

Look for the sign of the Limulus. As the Limulus represents the test of time, we feel from the business growth that our supplies have also stood the test of years.

Send for Catalogue

No. I. Zoological and Embryological material. Life Histories and Habitat Groups.

No. II. Botanical material.

No. III. Microscopic Slides.

Address all correspondence regarding material and catalogues to:

GEO. M. GRAY,

Curator, Woods Hole, Mass.

### NEW SCIENTIFIC BOOKS

The Macmillan Company, New York

A SHORT HISTORY OF WESTERN CIVILIZATION. Alan F. Hattersley. pp. ix + 246. \$2.75.

Tracing the origin and growth, in its essential features, of our present civilization. The book treats of past conditions rather than events. The standard of civilization, the economic growth of communities, the development of governmental institutions and the religious beliefs of the masses have been selected as the truly significant factors in human history.

University Bookstore, Bloomington, Indiana

EXPERIMENTAL RADIO. R. R. Ramsey. pp. xii + 229. \$2.75.

This new, third edition has been enlarged and revised in order to keep up with the rapid changes in radio. Simple tests are given which will bring out fundamental principles. 150 figures and diagrams.

The Century Company, New York

RESEARCH IN THE HUMANISTIC AND SOCIAL SCIENCES.

Frederic Austin Ogg. 454 pp. \$2.50.

Being a report of a survey conducted for the American Council of Learned Societies. It covers the research work done by learned societies, colleges, universities, bureaus, foundations, business houses and individuals.

Harper & Brothers, New York

PLANE TRIGONOMETRY. WITH TABLES. N. J. Lennes and A. S. Merrill. Edited by H. E. Slaughter. \$2.20 with tables. \$1.60 without tables. Tables alone \$1.20.

Particular attention has been paid to cumulative reviews as an aid to students whose habits of thought are not well organized, and to the provisions made for the stronger students by which they may be encouraged to do more than the rank and file of the class.

## NEW YORK UNIVERSITY Fellowships in Physics

The Department of Physics of New York University offers each year several teaching fellowships in the University College of Arts and Pure Sciences and the College of Engineering. These fellowships are intended for students prepared for graduate work in physics and the holders are accepted as graduate students in the University with remission of tuition fees.

Teaching fellows are expected to give ten hours a week to teaching or other departmental work, usually in the laboratories of the courses in general physics given in the two colleges. They are appointed for one year but those whose work in teaching and graduate study is satisfactory may expect reappointment during the time of their graduate course. The stipend is \$1,050 for the academic year.

Applications for fellowships or requests for further information may be addressed to the Chairman of the Physics Department, New York University, University Heights, New York, N. Y.

## MIRAKEL BINOCULARS

The new 7-Power, weighs only 6 oz. Can be carried in vest pocket or ladies' bag. A wonderful high-grade Jena Binocular for every use ..... \$35

Hensoldt New "Dialyt"—6 x 30—13 oz. .... \$58  
Zeiss Wide-Angle "Deltrintem"—8 x 39 ..... \$68  
Prismiris Pocket Binocular. 6 Power ..... \$16  
The Fiala Sleeping Bag—Scientifically Correct—Warm Light Weight—Sanitary. Best for Outdoor Sleeping. \$25  
Compass—U. S. Engineers, Floating Dial ..... \$3.50  
English Pocket Sextants (slightly used) ..... \$15  
With Star Telescope (value new \$75) ..... \$25  
Over-Under Shotguns; Schuler high grade ..... \$200

Natural History Building, New Orleans, La.

# “100%”

## —and Everyone Delighted

What more could anyone say of anything—than to say it is 100%?

From a letter by Chas. S. Mason, President of the School Board, Hancock, Mich., we take the following paragraph:

“In reference to the Laboratory Furniture of the Hancock High School, when the purchase was made I was President of the Board, and can say that everything we bought from you was 100% and that every member of the School Board and of the High School teaching staff is more than delighted with the Laboratory Furniture.”

# *Kewaunee*

## Laboratory Furniture

Used in schools all over America for the teaching of Physics, Chemistry, Biology, Electricity, Drawing and Art, Domestic Science, and Manual Training.

Ask leading educators everywhere, and they will assure you of these facts:

1. That Kewaunee is most scientifically designed for the greatest possible pedagogic service.
2. That Kewaunee is made by men who know woods—how to select, how to treat before use, and how to fashion for long life and perfect service.
3. That Kewaunee is moderately priced—that it is the greatest value in its field.
4. That Kewaunee does stand up under service.

Send us your floor plan blueprints or rough sketches. We will make suggestive layout for equipment to meet your requirements without charge or obligation.

### Here's the Authority on Laboratory Furniture

For complete information on Laboratory Furniture for the teaching of Physics, Chemistry, Biology, Agriculture, Electricity, Domestic Science, Manual Training, etc., ask for a copy of the Kewaunee Book. Sent free to any instructor or official who replies, giving his position and using the stationery of the institution. Address all inquiries to the home office at Kewaunee.
