

NEW YORK UNIVERSITY

Summer Session of the Washington Square College

The Department of Chemistry offers during the Summer Session of 1933 (July 5 to August 15) the following courses of interest to industrial chemists, teachers, and graduate students. The methods of Pregl, Emich, and others will be taught.

INORGANIC AND ORGANIC MICRO-ANALYSIS

Qualitative and Quantitative Inorganic Micro-analysis. Technique of analytical tests under the microscope, use of the polarizing microscope, micro-distillation and sublimation, manipulation of centrifuge tubes and capillaries, and other standard procedures.

Assistant Professor A. A. Benedetti-Pichler

Quantitative Organic Micro-analysis. Determination of carbon, hydrogen, nitrogen (Duman and Kjeldahl), halogens, sulphur, metals, carboxyl, and molecular weight.

Assistant Professor Joseph B. Niederl

Those interested should make reservations before June 1, 1933, as enrollments will be limited. Ample laboratory facilities will be provided. One or both courses may be taken. The laboratory will be open Monday, Tuesday, Wednesday, and Thursday, 9:00 A.M. to 6:00 P.M.

Tuition

Charge for each course—\$50.00. Breakage deposit (one or both courses) \$10.00. For information address

Massachusetts

Efficiency in Teaching Laboratory Technique

is our **GOAL**

SUBJECTS covered are:

Applied Bacteriology
Exotic Pathology
Clinical Pathology
Serology
Blood Chemistry
Basal Metabolism
Radiology, Electrocardiography
Photomicrography

Write for Catalog and Outline of Courses of Study.

Gradwohl School of Laboratory Technique

3518 Lucas Avenue
St. Louis, Missouri

Allegheny School of Natural History

"The School in the Forest"

Quaker Bridge, New York

Seventh Season—July 5 to Aug. 24, 1933

Registration limited to fifty

Field studies in Botany, Zoology, Geology, Birds

Natural conditions favorable in richness and variety, suitable laboratories and equipment, comfortable living in a stimulating climate, guidance from experienced teachers and investigators.

Sponsored by the Buffalo Society of Natural Sciences, the New York State Museum, and the University of Buffalo (with college credit).
